## Q6 - Please explain your response.

Please explain your response.

---

I miss in person events, but understand the circumstances.

I enjoy writing national columns for PA Times. And I enjoy pre-legislative info forums.

It's great to be part of an organization of people all committed to the public good. We still have work to do to figure out how to be engaging with membership.

I have not been very involved to lean one way or another. But would like to be more involved moving forward.

I still don't see in fact a benefit or difference being part

I'd like to see more in-person events and casual networking.

Would like more social/networking opportunities. It would be great to be in person again once the pandemic allows.

I believe the chapter has done a good job of navigating the pandemic. I wish the board the best.

ASPA is a great organization. It should continue to push for social change. As it does so, it needs to pursue balanced approaches. For instance, many individuals and organizations attacked the police after the George Floyd incident. They even called for defunding. Now we are seeing crime rise, police quit, and the cost of policing rise as a result. All of this hurts minority communities the most. So, holistic solutions need to be sought - not one sided approaches based on what is popular at any given time.

I work with more nonprofit orgs and have other resources in that sector.

I have not yet been able to participate in anything.

Other (please explain)

I believe I am active enough now.

I would like to be involved, but many other commitments are making that difficult.

## Q9 - What about the ASPA Utah Chapter has been most beneficial to you?

What about the ASPA Utah Chapter has been most beneficial to you?

---

Legislative insights.

The in-person meetings & networking. I also think the awards are so important as a way to recognize this field.

receiving some interesting articles/news about the field

Connections to alumni, events touching on current events.

Meeting and networking with others

The educational events, conferences and networking

The network and events.

The interaction with other public administration professionals has been very beneficial. The topics covered during the chapter events are well thought out and presented.

The sincere desire to improve public governance.

Connections with other people in the field. ASPA has really great people involved.

## Q10 - What about the ASPA Utah Chapter has been the least beneficial to you?

What about the ASPA Utah Chapter has been the least beneficial to you?

---

receiving some interesting articles/news about the field in Utah

The ridiculous number of emails from the national ASPA

I can think of any.

Some members might have very strong political biases which could be problematic for others who have different views or at least want a balanced perspective of the world (recognizing truth and error in both liberal and conservative thought and parties).

## Q11 - What do you hope to get out of your ASPA Utah Chapter membership that you currently are not getting?

What do you hope to get out of your ASPA Utah Chapter membership that you c...

---

Satisfied.

More opportunities to connect with other members.

I hope that the pandemic allows us to get back to person-to-person networking before long.

I'm a student and even during job interviews with other ASPA members, this didn't help me to qualify for a Public Administration position

More networking.

More social connections

Can't think of anything.

Not sure.

Live events where networking opportunities seem to occur more naturally and informally.

Perhaps a little more communication about events (and more advanced notice). Overall, great job though.

More community connections? I ask as a question because I think if I am being honest the group is doing their job.
